

## Risk Assessment Record

Assessor: Mark Saxon		Assessment Date: 13 <sup>th</sup> March 2020
Activity Assessed: Covid-19	Location: Midstream (West Lancs) Ltd.	Review Date: Updated – 6 <sup>th</sup> May 2022

What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who and when?
Covid-19 Infection	Clients, Staff & members of the public by exposure to Covid-19 symptoms.	<p>As from Monday 23<sup>rd</sup> May 2022 – Re-open Garden Centre &amp; Café to members of the public from 9.00am to 4.30pm. Face coverings and infection prevention controls will remain in force for staff &amp; Midstream Clients.</p> <p>Allocate the rear corner of the Garden Centre shop for client dining. Encourage social distancing (where possible) as per Government and Social Care Institute for Excellence (SCIE) guidance. Where this is not possible, use screens to provide an infection control barrier (Adaptable screens purchased).</p> <p>Staff &amp; clients to maintain good hand hygiene. (Wash hands with soap and hot water for a minimum of 20 seconds or use personal or static hand sanitiser points when entering buildings, before and after breaks / lunch and after toilet visits).</p> <p>At start of day, designated staff to direct all vehicles to “drop off point.” Staff will instruct occupants when to alight from the vehicle and direct clients to “one way” system. <b>Driver must remain in their vehicle.</b> Designated staff will take client temperature as they alight vehicle. If temperature raised, client will be directed to Reception to be assessed by Mark Saxon or another Senior Manager in his absence.</p> <p>At end of day, Dial-a-Ride passengers will congregate in the canteen and maintain social distancing (where possible) with designated staff member to supervise. Passengers will be directed by staff to board vehicle in a socially distanced manner.</p> <p>For client(s) traveling by private car or taxi, they will wait in their vocational area and will be called down to Reception. Office staff will liaise with driver as to who they are picking up. <b>Driver must remain in their vehicle.</b> Staff from the vocational area to accompany the client(s) to Reception.</p>	<p>Face coverings, hand sanitiser &amp; signage at Garden Centre &amp; Café entrances and till points to encourage use by visiting members of the public.</p> <p>Continue with reduced client numbers in social spaces. Reduced seating in shop “canteen” area to promote social distancing for clients, 1:1 clients and staff supporting them. (Issue facemask, face shield, gloves and disposable apron to staff undertaking 1:1 support).</p> <p>Temperature checks by designated staff as client arrives using a thermal imaging thermometer.</p>	Ongoing by all Staff & Management. Daily Senior Manager Meetings to review operational status and clients observing social distancing.

		<p>Explore staggered pick up times with client Parent / Guardian or their transport provider.</p> <p>As per Social Care Institute for Excellence (SCIE) guidance for those being transported by others that are not in their household - a designated staff member is to record the name of the driver, vehicle registration &amp; names of other vehicle passengers. This process is to be repeated at the end of the day if client transported home by someone other than in their household.</p> <p>All staff and clients to use “one way” system to navigate site and work areas. Staff to reinforce this and social distancing verbally at regular intervals during day. (Special emphasis to be undertaken by staff prior to and at end of breaks).</p> <p><b>No client is to wander around site unaccompanied with toilet visits monitored by vocational area staff.</b></p> <p>Increased cleaning regime to site – All sections to identify and clean high use items throughout day. Identify where barriers such as disposable gloves can be worn to reduce infection crossover.</p> <p>Lockers have been introduced to each vocational area for clients to use on a daily basis only, limiting client movement around site and congregation in locker rooms / toilets. No personal items are to be stored overnight in these lockers as they will be steam sanitised at the end of each day.</p> <p>Facemasks / face shields are to be worn at all times by anyone moving around inside buildings and outdoor spaces where other people are present. Also, staff working in close contact with individuals or small groups of clients must wear face coverings / face shields.</p> <p>Where clients wish to attend Midstream following a stay in respite:</p> <ul style="list-style-type: none"> <li>- The client will be asked to undertake a Covid-19 test, and upon receipt of a negative test result will be allowed to resume services.</li> <li>- Where a client is unable or unwilling to have a Covid-19 test, a period of 10 days must elapse from them leaving respite before they can resume services. This may increase to 14 days as per Government guidance for high risk supported living settings.</li> </ul>	<p>Roving cleaning to be increased with emphasis on high traffic areas, door / cupboard handles and frequently handled items such as keys, computers, photocopier controls, pebbels &amp; intercom.</p>	
Covid-19 Infection	Clients & Staff in high risk categories or	Assess whether staff can work from home. Social distance (where possible) as per Government and Social Care Institute for Excellence (SCIE)	As above. Follow medical advice given to staff (ask for	Ongoing by all Staff and Management. Daily Senior Manager

Midstream (West Lancs) Ltd.

	<p>identified as immunosuppressed</p>	<p>guidance for all (inc. vulnerable groups). Where this is not possible, use screens to provide an infection control barrier.                  Follow guidance from Royal College of Obstetricians &amp; Gynecologists for pregnant women.                  Undertake specific Risk Assessment for those from Black, Asian or Ethnic Minority background and those identified as immunosuppressed.                  Staff &amp; clients to maintain good hand hygiene (Wash hands with soap and hot water for a minimum of 20 seconds or use personal or static hand sanitiser points when entering buildings, before and after breaks / lunch and after toilet visits).                  All in vulnerable group to be issued with PPE (facemask, face shield, disposable apron &amp; gloves).</p>	<p>medical certificate to confirm action suggested by clinicians).</p>	<p>Meetings to review operational status and clients observing social distancing.</p>
<p>Covid-19 Infection</p>	<p>Clients &amp; staff using and operating transport</p>	<p>Observe social distancing (where possible) as per Government and Social Care Institute for Excellence (SCIE) guidance.                  Transport admin to reduce client numbers per vehicle and specific seating arrangement introduced.                  Additional vehicle introduced.                  All non-essential journeys to be cancelled, senior manager agreement prior to a non-essential journey being undertaken.                  Staff &amp; clients to maintain good hand hygiene (Wash hands with soap and hot water for a minimum of 20 seconds or use personal or static hand sanitiser points when entering buildings, before and after breaks / lunch and after toilet visits).                  Clients to be issued with facemask for all journeys by driver or escort before entering vehicle. Open a window wherever possible for ventilation.                  Facemask to be disposed of as client disembarks vehicle. Driver or escort to collect used facemask in waste bag which is to be double bagged prior to disposal. <b>(If own facemask is being used, this will be left in place at all time and not handled by driver or escort).</b>                  At end of day, clients to be accompanied to Midstream minibus by vocational staff.                  Clients to be issued with facemask for all journeys by driver or escort before entering vehicle.                  Facemask to be disposed of as client disembarks vehicle. Driver or escort to collect used facemask in waste bag which is to be double bagged prior to disposal. <b>(If client own facemask is being used, this will be left in place at all time and not handled by driver or escort).</b></p>	<p>Implement transport with reduced client numbers per run to maintain social distancing.                  All hard surfaces to be cleaned before and after a journey has taken place with antibacterial wipes.                  Temperature checks by driver or escort as client arrives at vehicle. If temperature raised, transport will not be offered, and client to stay at home. Driver or escort will liaise with Parent / Guardian or professional care team.</p>	<p>Ongoing by transport admin staff and Management. Daily Senior Manager Meetings to review operational status of transport.</p>

Midstream (West Lancs) Ltd.

Covid-19 Infection	Staff working on 1:1 basis with clients.	<p>All staff to wear Personal Protective Equipment (PPE) of facemask, face shield, disposable plastic apron &amp; gloves to create infection barrier. (Encourage client to wear apron &amp; gloves also).</p> <p>All waste PPE to be double bagged prior to disposal.</p> <p>Staff &amp; clients to maintain good hand hygiene (Wash hands with soap and hot water for a minimum of 20 seconds or use personal or static hand sanitiser points when entering buildings, before and after breaks / lunch and after toilet visits).</p> <p>Maintain social distance (where possible) from other clients &amp; staff as per Government and Social Care Institute for Excellence (SCIE) guidance.</p> <p>Where this is not possible, use screens to provide an infection control barrier.</p>	<p>Maintain good levels of PPE &amp; sanitiser stocks.
